# LLOYD LOOM

**The weave is smooth and does not scratch or snag clothing.**

**Available in 26 standard colours or in any bespoke colour.**

**Legendary seating comfort.**

**Ages beautifully.**

**Lloyd Loom weave is made from kraft paper woven around a steel wire.**

**Easy to clean with a moist towel.**

**Lloyd Loom weave exists since 1917 and is strong and durable.**

Lloyd Loom is a timeless and iconic furniture material known for its exceptional strength and resilience. The core of this material features a metal framework wrapped in robust kraft paper, ensuring a durable and flexible foundation. This unique combination of materials has been a hallmark of Lloyd Loom since its inception in 1917, showcasing a commitment to quality and longevity.

One of the outstanding characteristics of Lloyd Loom is its sturdiness and durability. The woven structure not only withstands the test of time but also offers legendary sitting comfort. This makes Lloyd Loom furniture a reliable choice for those seeking both style and substance in their furnishings.

Practicality is another key feature of Lloyd Loom. The surface is easy to clean with a simple damp cloth, maintaining its original luster and cleanliness effortlessly. Furthermore, the material is designed to be gentle on clothing, preventing scratches or snags that can be a concern with other materials.

With a choice of 26 standard colors or the option to select any RAL color, Lloyd Loom furniture is available in a wide array of colors to suit individual preferences. Customization is at the forefront, allowing individuals to tailor their furniture to fit into their interior design schemes.

As Lloyd Loom furniture ages, it develops a beautiful patina, enhancing its character and charm over time. This unique quality adds to the allure of Lloyd Loom, making it not just a functional choice but also an aesthetically pleasing one. With its rich history, enduring quality, and versatile design options, Lloyd Loom remains a symbol of sophistication and reliability in the world of furniture craftsmanship.

## THE LEGACY OF WOVEN PAPER FURNITURE

Vincent Sheppard continues to stay true to the tradition of Lloyd Loom by continuously reinterpreting the legacy of woven paper furniture. It has been said that Vincent Sheppard reinvented Lloyd Loom by introducing imaginative designs that combine tradition and modernity.

Through the years Vincent Sheppard has become a distinctively global brand. Today you will find Vincent Sheppard furniture in restaurants and hotels from Hong Kong to Hawaii, Sri Lanka to the South Pacific, Portugal to Poland, Great Britain to Greece, Switzerland to Sweden, Belgium to Bahrain and in golf clubs of France, Morocco, Portugal and numerous other locations.

Whether for dining or lounging, for indoors or outdoors: with each piece of Vincent Sheppard craftsmanship, the legacy of woven paper furniture lives on.

## HAND MADE FURNITURE

Our company started with the goal of honouring and preserving the tradition and history of the Lloyd Loom weaving technique. To accomplish this goal, we have developed a close collaboration with the local people of Cirebon, Indonesia. Known for its tradition in weaving and bending rattan, Cirebon was the perfect area to build our main production plant.

Characteristic for Vincent Sheppard is that both the chair frames and the Lloyd Loom weave are produced in-house! Attention to detail is emphasized throughout the entire production process resulting in an exceptionally high level of quality. Remember, each piece of furniture is handmade.

# SEEZEITLODGE HOTEL

GONNESWEILER - GERMANY

The Seezeitlodge has been designed by the Berlin design studio GRAFT. The thought behind the impressive building is to use the power of the unique natural location to remain undisturbed. They wanted to intensify the connection between the natural poles of tension on the property: between the forest and the lake, between a sense of being protected and freedom, between earth, water, fire and air.

The interior of the hotel reflects the ideas of the architects. Nicolay Design used the strength of the location to create an atmospheric quality inside, inspired by relaxation, pleasure, culture and nature.

The design creates a casual style which is also chic. Cosy, but not customary. Playful and refreshingly different.

The hotel currently comprises 53 rooms and suites, a restaurant, a bar, a heated indoor pool, a spa, and meeting rooms. All these spaces were the subject of a full and particularly careful restoration that started in spring 2020 and will soon be finished, aiming to bring the charm of this hotel so closely linked to the history of Carnac-Plage fully back to life.

The new decor brings together modernity and elegance in a subtle and enduringly attractive manner. The premises here blend in with the Art Deco spirit of the original building, which has been skilfully combined with maritime notes that help it embody the joy of the seaside.
